PROFESSIONAL EXPERIENCE

Software Engineer · Coxwave (Align AI) Jun 2021 – Nov 2022
Seoul, Republic of Korea

- Planned, architected and implemented the User App Demo feature, relevant UI components and admin page in Manta, an AI API platform
- Developed Hama, an AI-powered web application for erasing objects from images, and Enterpix, a web platform for AI art curation and image generation
- Designed and developed AI-based web application demos for the AI seminar held at LG Electronics
- Proposed and implemented a web application that streamlined the process of reimbursement claims and saved employees time
- Built two versions of the corporate website
- Took charge of building the design system with designers using Figma
- Spearheaded running a class to teach basic HTML and CSS for designers to improve Figma skills and promote effective communication between the engineering team and the design team

Account Executive · Macbee Planet Apr 2019 – Apr 2020
Tokyo, Japan

- Served as the primary point of contact for three clients
- Ran a monthly client meeting to report analytics data of digital ads, propose new marketing strategies and negotiate marketing budgets
- Collaborated with a range of online media to accomplish client KPIs
- Won an ad contract by delivering a tailored presentation to a prospective client

EDUCATION

Master of Information Technology in Software Development Aug 2021 – Jun 2024
University of Technology, Sydney

Bachelor of Political Science and Economics Apr 2012 – Sep 2018
Waseda University

EXTRACURRICULAR ACTIVITIES

Dev Study Group Jan 2024 – Present

- Lead a group of six postgraduate students and graduates of UTS to help become IT professionals
- Run a weekly session teaching JavaScript, algorithms, data structures, Git & GitHub and React with original teaching materials both online and offline
- Mentor members by assigning homework/tasks and reviewing the source code of personal projects
